ABOUT DOMTAR

Domtar makes products that people around the world rely on every day. We design, manufacture, market and distribute a wide variety of pulp, paper and personal care products, from candy wrappers to copy paper and beyond.

But how we do things is as important as what we do. In every industry we serve, we continually find ways to do a better job. Develop a better product. Work with our customers until their needs are met. Manage natural resources responsibly and make the best use of every asset we have. We work efficiently, lead quietly and let our products and customer service do the talking.

Throughout our history, we’ve relied on our agility to meet the demands of an ever-evolving world. Today, our spirit of innovation drives deliberate improvement and our commitment to caring runs deep. We constantly find better ways to serve our customers, support our employees and strengthen our communities. It’s just our way of doing things.
