

### product specifications

	BASIS WEIGHT	GSM	BRIGHTNESS	OPACITY	SMOOTHNESS	CALIPER	PC FIBER
Text	20	75	92	88	160	4.0	30%

Approximate caliper – grade is run to basis weight and smoothness specifications

### product features

- 92 brightness
- Contains 30% post-consumer recycled content
- Manufactured with ColorLok® Technology
- Good brightness and pleasing blue-white shade for sharp contrast
- Curl control means jam-free performance and less downtime

### common uses

- Everyday copying
- High-Speed volume applications
- In-house reports
- Internal correspondence

### sizes

- 8.5 x 11 - 651001
- 8.5 x 11 3HP - 651031
- 8.5 x 14 - 654001

### electronic imaging guarantee

- Laser and desktop inkjet guaranteed on cut-size cartons
- Domtar Product Guarantee

### environmental characteristics

- SFI® Certified Sourcing
- Meets North American government standards for post-consumer recycled fiber
- Made with Elemental Chlorine Free (ECF) fiber content
- Manufactured under alkaline (acid-free) conditions for increased longevity and performance
