BASIS WEIGHT T - 25 x 38/500	GSM	BRIGHTNESS	OPACITY	SMOOTHNESS	CALIPER	LENGTH TARGETS (+/- 200 LINEAR FEET) 50"/3"	LENGTH TARGETS (+/- 200 LINEAR FEET) 40"/3"
50	74	96	92	140	3.9	46,600	30,300
60	89	96	94	140	4.6	35,000	24,200
70	104	96	96	140	5.2	31,000	20,700

product features

- 96 brightness for sharp contrast
- Pleasing true white shade with smooth finish
- Excellent opacity for minimal show-through
- Smooth uniform surface for better resolutions
- Consistent runnability on both digital printing and post-processing equipment

environmental characteristics

- Forest Stewardship Council® (FSC®) certified
- Member of Domtar EarthChoice® family of products
- SFI® Certified Sourcing
- Made with Elemental Chlorine Free (ECF) fiber content
- Manufactured under alkaline (acid-free) conditions for increased longevity and performance

pack

- Rolls—processed and unprocessed
 - Run to length (linear feet) vs. diameter

common uses

- Catalogs
- Brochures
- Flyers
- Manuals
- Direct Mail

Domtar performance commitment

Domtar's digital and inkjet products are designed and recommended for digital and inkjet production presses, desktop printers (laser and inkjet) and copiers within the limitations specified by the original equipment manufacturer.

We partner with leading OEM's to print test and certify our inkjet products as fit for use on a wide variety of equipment. Domtar's products are optimized for runnability on press and through post-processing. Our surface treatment will enhance print quality compared to untreated stocks when using dye inks. And our products are suitable for offset pre-print. As always, Domtar stands behind our commitment and our products.

The mark of responsible forestry

Domtar is pleased to make an annual contribution of \$425,000 to WWF from the sale of FSC® Certified EarthChoice® products.
