24	90	94	93	150	4.6	37,800	24,700

product features

- 94 brightness
- Pleasing blue-white shade
- Special surface treatment enhances print quality and improves opacity density for pigment inks
- Enhanced waterfast element ensures fast drying of all images

pack

- Rolls—processed and unprocessed
 - Run to length (linear feet) vs. diameter

common uses

- Direct Mail
- Transactional/Transpromotional End-Uses

guarantees

- Guaranteed for paper performance in OCR and MICR applications

environmental characteristics

- SFI® Chain-of-Custody certified
- Made with Elemental Chlorine Free (ECF) fiber content
- Manufactured under alkaline (acid-free) conditions for increased longevity and performance

Domtar performance commitment

Domtar's digital and inkjet products are designed and recommended for digital and inkjet production presses, desktop printers (laser and inkjet) and copiers within the limitations specified by the original equipment manufacturer.

We partner with leading OEM's to print test and certify our inkjet products as fit for use on a wide variety of equipment. Domtar's products are optimized for runnability on press and through post-processing. Our surface treatment will enhance print quality compared to untreated stocks when using pigment inks. And our products are suitable for offset pre-print. As always, Domtar stands behind our commitment and our products.
