AT A GLANCE

Located in the Eastern Townships Region of Quebec, Canada, Domtar's Windsor Mill is the last fully integrated fine paper mill in Canada. The mill manages 400,000 acres of forest lands surrounding the mill. Originally built by Angus, Logan & Co. in 1864, the mill now produces bleached hardwood wet-lap market pulp and uncoated freesheet paper, including high-brightness opaques, multi-purpose digital papers copy paper, laser forms bond, envelope and recycled content. The mill is known for its innovative approach to sustainability. It leases the use of its forestlands for hunting, fishing and hiking clubs, as well as for maple syrup production.
