

Quad Hi-Capacity Small Core Tissue Dispenser

Product Description

The Revo® Quad Hi-Capacity Small Core Tissue Dispenser holds four small core rolls in a compact footprint – maximizing capacity and eliminating the need for frequent replenishment. The innovative design of the roll holders prevents access to the upper rolls until the lower roll is used up for 100% roll evacuation. Small core rolls mean more tissue in the dispenser, better shipping efficiencies and more compact storage. Easy-to-refill, durable design has a key lock closure to eliminate loss through pilferage. Offered in **stainless, white** and **black**, Revo® dispensers can also be ordered with a range of design possibilities including branded elements, colors, and finishes – all durably incorporated into the dispenser itself.

Refill the Revo® Quad Hi-Capacity Small Core Tissue Dispenser with premium, soft 2-ply Revo® Hi-Capacity Small Core Bath Tissue Rolls (321122), certified to Green Seal®.

Features & Benefits

- High capacity design holds four rolls of long-lasting, soft, 2-ply small core tissue rolls, minimizing replenishment
- Small core roll holders are easy to load and prevent access to upper rolls until lower rolls are used, for 100% roll evacuation and no cross-contamination
- Key lock closure to discourage pilferage or vandalism
- Design is also available with customized elements for your brand
- Compatible with Revo® Refills 321122
