2. Precedence of Documents. In the event of conflict between these Conditions and the provisions contained in a Purchase Order or any of its attachments, the Separate Agreement or any of its attachments, or any other documents between Buyer and Vendor in relation to the provision of Goods or Services, the following order of precedence will prevail as to the provision of those Goods or Services: (a) the Separate Agreement; (b) the Purchase Order when accepted by Vendor in accordance with Section 3; (c) these Conditions; (d) the specifications; (e) the instructions to tenderers; (f) drawings of a larger scale; (g) drawings of the same date as and of a smaller scale than those

mentioned in paragraph (f) above; and (h) all other documents of the parties, including invoices and receipts, except for any terms and conditions that may be referred to therein or attached thereto, which shall not be binding upon the parties unless approved in writing by an authorized representative of each of the parties.

3. **Acceptance of Purchase Orders.** Vendor is deemed to have accepted a Purchase Order on the earliest of: (a) Vendor transmitting to Buyer its written or oral acceptance of the Purchase Order, without reserve or change; (b) Vendor shipping to Buyer any of the Goods covered by the Purchase Order; and (c) Vendor starting to perform any of the Services covered by the Purchase Order. Buyer may revoke a Purchase Order at any time prior to acceptance. Acceptance of the Purchase Order constitutes acceptance of these Conditions. Buyer expressly rejects any different, additional or conflicting terms and conditions contained in Vendor's acceptance, invoice or other documents, and neither Buyer's performance nor payment for the Goods and Services shall constitute any acceptance of same.
4. **Delivery.** Vendor must deliver the Goods, assemble and install them (if applicable), and perform the Services within the time, in the manner and at the place specified in the Contract. Vendor must deliver the Goods as ordered in the Contract and it has no right to make any substitution or replacement without Buyer's prior written consent.
5. **Inspection and Rejection.**

5.1 Inspection and Testing: Buyer has the right to inspect all Goods at the place of delivery to Buyer and at the locations where the Goods are made or stored, including on premises of subcontractors, suppliers, workers and other persons performing work in connection with the Contract. Vendor must grant, and ensure that all those persons performing work in connection with the Contract grant to Buyer and its Representatives free access to their premises and to shop drawings and all other relevant information for inspection during normal business hours. Whenever performance tests or trials of the Goods are provided in the Contract, Buyer will start and complete those tests and trials within a reasonable period after delivery but no acceptance will be deemed to occur until successful completion of those tests and trials to Buyer's satisfaction. Inspection or acceptance of Goods or Services does not limit Buyer's rights under the Contract.

5.2 Right of Rejection: Buyer has the right to reject, within a reasonable period after delivery, and to return to Vendor, at Vendor's expense, any Goods and Services that are not as ordered, are not in good operating condition and repair (if applicable) or do not meet all conditions (including the design, specifications, performance requirements and description) specified in the Contract, together with any items delivered in error or in excess of the quantity shown on the Contract. Vendor will have no Claim against Buyer for any Goods, Services or items so rejected or returned, will indemnify and hold Buyer harmless from and against, and at Buyer's request, will assume its defense in connection with, all Claims relating to those Goods and items while in transit or in Buyer's possession.

6. **Title and Risks.** Title to and ownership of the Goods will pass to Buyer (a) at the time of delivery to Buyer at the place specified in the Contract; or (b) if performance tests or trials are provided for in the Contract, at the time of acceptance of the Goods by Buyer. Vendor bears all risks of loss of and damage to the Goods until that transfer of title and ownership.

For the purpose of Section 6(a), when the place of delivery specified in the Contract is at a site occupied by Buyer, the "time of delivery" shall be determined as follows, as applicable:

- If the Goods are delivered by rail, at the time such Goods are tendered at the site gate;
- If the Goods are delivered by tanker truck, at the time the hose valve of the receiving flange designated by Buyer is opened;
- If the Goods are not delivered by rail or by tanker truck, at the time such Goods are fully unloaded onto the receiving dock designated by Buyer, and accepted by Buyer.

Without limiting the generality of the foregoing, when the place of delivery specified in the Contract is at a site occupied by Buyer:

- If the Goods are delivered by rail, Vendor is responsible for tendering such Goods at the site gate;
- If the Goods are delivered by tanker truck, Vendor is responsible for (x) connecting and removing the hose between the tanker truck and the receiving tank designated by Buyer, and (y) activating, overseeing and supervising the pumping of such Goods into such receiving tank;
- If the Goods are not delivered by rail or by tanker truck, Vendor is responsible for the unloading of such Goods onto the receiving dock designated by Buyer unless the Contract provides otherwise.

7. Packaging. Vendor must, at its expense, ensure that all Goods (including all components) are properly boxed, crated and suitably prepared for shipping, and are carefully wrapped or packaged and identified, or pre-assembled and fixed on the pallet as appropriate for transportation and handling on the building site, as applicable, so as to avoid damage during transportation, handling and storage and to facilitate on-site handling. All packaging slips must state appropriate Contract numbers. One copy of the packaging slip must be affixed to the outside of the package and one copy must be included inside the package.

8. Shipping and Invoicing Documentation.

8.1 Shipping: Unless otherwise specified in the Contract, Vendor is responsible for arranging and paying for transportation of the Goods to the place of delivery specified in the Contract. Vendor must give Buyer at least forty-eight (48) hours verbal or email notice before shipping the Goods covered by the Contract. Where, however, the Goods are at Buyer's risk while in transit, Vendor must give Buyer at least fifteen (15) days verbal or email notice before shipment, except for rush or emergency orders, and the notice must state the value and method of each shipment.

8.2 Invoices and Bills of Lading: Each invoice must include the particulars of the price, including any price discount, the Contract number, a complete description of the Goods and Services covered by that invoice, the tax information stated in Section 17.2 and all other information required by Buyer. In addition to the documentation required below for cross-border shipments to Canada, invoices and bills of lading showing full routing and all other information required by Buyer must be dated and mailed at the time of shipment and a separate invoice must be made for each destination showing point and method of shipment. Invoices including transportation charges must be accompanied with original receipted transportation bills and, in the case of consolidated carload shipments, must show applicable weight and rate. Prepaid shipping charges must be shown as a separate item on Vendor's invoice.

8.3 Customs Clearance: Unless otherwise arranged with Buyer, Vendor is responsible for providing the Goods "delivered duty paid", including clearing the Goods through customs for export and for import, carrying out customs formalities at its expense and paying customs brokers' fees and customs duties for import. In all cases, Vendor must provide the documentation required below for cross-border shipments to Canada (if applicable) and, if information is required from Buyer for customs clearance purposes, Vendor or its agents must request the information by fax or email to Buyer's appropriate contact no less than two (2) business days before the date required. Failing that request, a delay in clearing customs resulting from incomplete information will not be an excuse for late delivery.

8.4 Cross-border Shipments to Canada from Destinations other than U.S.A or Mexico: When shipping to Canada from countries other than the U.S.A. or Mexico, one copy of the Canadian customs invoices must be sent by fax or priority mail, no later than the date of shipment, to the customs broker and to Buyer (two copies each for mail or air shipments). A certificate of origin and a bill of lading (in multiple copies, if required by Buyer) must be sent at the same time by fax and priority mail to Buyer (original copy) and to the customs broker. In addition, Vendor must, on the date of shipment, send by fax or priority mail the signed copy of the bill of lading to Buyer.

8.5 Cross-border Shipments to Canada by Truck from U.S.A or Mexico: When shipping to Canada from the U.S.A. or Mexico by truck, the Canadian customs invoices, the NAFTA certificate and the bill of lading must be sent by fax or priority mail, no later than the date of shipment, to the customs broker and to Buyer (one copy each). The customs invoices and the truck bill of lading must be clearly marked “customs clearance by [customs broker’s name]”. In addition, Vendor must, on the date of shipment, send by fax or priority mail the signed copy of the bill of lading to Buyer.

8.6 Cross-border Shipments to Canada other than by Truck from U.S.A or Mexico: When shipping to Canada from the U.S.A. or Mexico by rail freight, messenger service, express mail or air, the Canadian customs invoices, the NAFTA certificate and the bill of lading must be sent by fax or priority mail, no later than the date of shipment, to the customs broker and to Buyer (one copy each, except for shipments by messenger service, by express mail or by air where two copies to each must be sent). In addition, Vendor must, on the date of shipment, send by fax or priority mail the signed copy of the bill of lading to Buyer.

9. **Warranty.** Vendor warrants that: (a) the Goods will be new, including in all their components; (b) the Goods will conform to the design, specifications, performance requirements, description and all other provisions set out in the Contract; (c) Vendor will extend to Buyer the benefits of its standard warranties and guarantees against defects in design, material and workmanship of the Goods on the terms and conditions disclosed to Buyer and approved in writing by Buyer; failing those, Vendor warrants that the Goods will be free from any defect in design, material and workmanship for a period of eighteen (18) months from the date of the transfer to Buyer of title and risks to the Goods under Section 6 and, during that period, it will at its expense remove and replace or repair all defective items at Buyer's location where the Goods were to be delivered as specified in the Contract; and (d) Buyer will have the benefits of all warranties, guarantees, service contracts and similar contracts available to Vendor from its suppliers, manufacturers or sellers of the Goods for their full term (irrespective of any time limitation on Vendor warranties or guarantees under the Contract). Vendor warrants to Buyer that the Goods are, at the time of the sale, free of latent defects which render it unfit for the use for which it was intended or which so diminish its usefulness that Buyer would not have bought it or paid so high a price if he had been aware of them. If Vendor was aware or could not have been unaware of the latent defect, it is bound not only to restore the price, but to pay all damages suffered by Buyer. A defect is presumed to have existed at the time of a sale by Vendor if the Goods malfunction or deteriorate prematurely in comparison with identical items of property or items of the same type.

10. Performance of Services and Safety.

10.1 Standard of Services: Vendor warrants that the Services will be provided to Buyer timely, diligently, in a professional manner, in accordance with the highest industry standards and practices, in good faith and not in any manner which is adverse to or conflicting with Buyer’s interests. 10.5 Work on Buyer's Premises: When Services or any other work in connection with the Contract are being performed on premises occupied by Buyer, Buyer has the right to request the substitution for any reason whatsoever of any of Vendor's Representatives performing those Services or work.

10.6 Damage to Buyer's Property: Vendor is liable for the cost of repair, replacement in kind, damage and loss of all goods, merchandise, supplies, equipment and other materials and property that belong to Buyer and are in the possession of Vendor or any of its Representatives, including any equipment or other property that is being manufactured, repaired or refurbished under the Contract.

11.1.3 Vendor shall provide Buyer, upon request, with a copy of its emergency plan in case of accidents or spills of contaminants in the environment; such emergency plan to be satisfactory to Buyer.

11.1.4 Vendor shall promptly notify Buyer and provide copy of relevant documentation, as applicable, relating to:

The exercise by Buyer of its rights under this Section 11.1.8 shall not be construed as limiting the exercise by Buyer of any of its right at law, in equity or under the Contract.

11.1.9 Vendor represents and warrants that, to the best of its knowledge after due inquiry, no Nonylphenol Ethoxylates (NPE) or MAPBAP acetate have been added to the Goods or are used in the performance of Services.

11.1.10 Vendor shall provide Buyer with a Safety Data Sheet (SDS) for each of the Goods sold under the Contract prior to the first delivery of such Goods. Moreover, and as applicable, Vendor undertakes to use its best efforts to provide to Buyer, promptly upon request, any information it has access to relating to the toxicity of each of the Goods on (i) Daphnia Magna, (ii) rainbow trout, (iii) pulp and paper effluent treatment plant biomass and (iv) any other relevant information on potential environmental hazards or health and safety effects of each of the Goods.

11.2 Permits: Vendor warrants to Buyer that it holds all of the necessary permits, licenses, consents and other authorizations in accordance with all Applicable Law, is in good standing with all governmental and other authorities having jurisdiction over the conduct of its activities and will provide Buyer, upon request, with proper evidence to that effect. Vendor shall pay any and all costs incurred by Buyer or any of its Representatives which relate to the enforcement of the indemnity conditions and obligations of Vendor including, without limitation, any additional insured protection and other obligations of Vendor under the Contract. The indemnification obligations established herein shall be independent of and shall not be limited by or limit the obligations of Vendor under Section 14 - Insurance.

15.4 Right of Set-Off: Buyer has the right to deduct from and compensate against any amounts due to Vendor under the Contract any amount paid by Buyer and for which Vendor is liable, including Claims for which Vendor must indemnify Buyer under Section 15.2, such as the amount of any Claims resulting from improper packaging, the amount of any unpaid Liens that should have been paid and discharged by Vendor pursuant to Section 12.2 and the amount of any taxes or other deductions that should have been withheld or paid by Vendor pursuant to Section 17.

15.5 Cancellation: If Vendor is in breach of any its warranties or other obligations under the Contract, if Vendor becomes insolvent, any other act of bankruptcy takes place regarding Vendor, any petition, notice or proceeding, voluntary or not, is commenced or given by Vendor or any other person under any law relating to bankruptcy, insolvency or debtor relief, or if a trustee, receiver, manager or similar official is appointed with respect to all or any part of Vendor's property, Buyer will have the right, without any liability whatsoever: (a) to immediately cancel the Contract, in whole or in part, including the right to return to Vendor, at Vendor's expense, any Goods already delivered and immediately obtain the refund of all amounts then paid to Vendor under the Contract for those Goods and the right to cancel a Purchase Order or the Separate Agreement, as applicable, as to non-delivered or non-conforming Goods and Services and as to Goods not yet shipped and Services not yet delivered; (b) to place orders for any goods or services elsewhere; and (c) to immediately obtain the refund of all amounts then paid to Vendor under the Contract for non-delivered or non-conforming Goods and Services and for Goods not yet shipped and Services not yet delivered. The Contract will not be or deemed to be an asset in the case of Vendor's bankruptcy.

16. Price and Payment. Buyer will pay the price for the Goods and the Services in the amount stated in the Contract and, unless otherwise specified in the Contract, within sixty (60) days following receipt from Vendor of its invoice and supporting documentation meeting the requirements contained in the Contract. Payment for the Goods or Services does not limit Buyer's rights under the Contract.

17. Taxes.

17.1 Taxes Payable by Vendor: Vendor must timely pay all medicare and pension plan contributions, workmen's compensation, unemployment, payroll taxes, income and other source deductions, social security taxes, holiday pay and other employer contributions that are payable to any tax authorities (including federal, provincial, territorial, state, municipal and local tax authorities) with respect to Vendor's employees, including any contributions measured by the wages, salaries or other remuneration paid to Vendor's employees. Vendor will reimburse Buyer, upon request, for any amounts that Buyer may be required to pay with respect to those taxes, contributions and other payments, and for any related fines, penalties and interest based on late or non-payment.

17.2 Taxes Payable by Buyer: Buyer must pay to Vendor all applicable sales, goods and services, value-added and other taxes imposed by any tax authorities (including federal, provincial, territorial, state, municipal and local tax authorities) with respect to Buyer's acquisition of the Goods and Services under the Contract. Vendor will either: (a) include those taxes as a separately stated charge on its invoice; or (b) clearly state on the invoice that those taxes are included in the total charge with respect to that invoice. Vendor will meet all the other documentation requirements imposed on Vendor by all tax authorities. Vendor will reasonably cooperate with Buyer and its Representatives in the preparation of all necessary claims and reimbursements for sales, goods and services, value-added and other taxes included in the price payable under the Contract. All reimbursements received by Vendor with respect to the Goods and Services under the Contract must be promptly paid over to Buyer. In no event will Buyer be responsible for any taxes on or measured by Vendor's income, payroll, capital, capital stock or property.

17.3 Withholding Taxes: Where required by Applicable Law, Buyer will be entitled to deduct from any payment due to Vendor any withholding tax, levy or similar assessment so required. Proof of payment of such a tax or deduction will be a full discharge of Buyer's liability to Vendor for payment of an equivalent amount. If for any reason Buyer has failed to withhold or deduct any such amount which is payable by it, Vendor will, at Buyer's request, immediately reimburse that amount to Buyer. Vendor will provide to Buyer all appropriate forms, certificates and waivers to allow Buyer to claim credit or a waiver for the applicable withholding tax or similar deduction. Vendor will indemnify and save harmless Buyer from and against, and at Buyer's request, will assume its defense in connection with, all Claims suffered by it arising out of, as a result of or in connection with Buyer's failure to withhold or deduct any amount in reliance of any form, certificate or waiver provided by Vendor, and for any related fines, penalties and interest based on late or non-payment. Buyer will provide Vendor with all necessary receipts, certificates, documents and other information required for Vendor to avail itself of any tax credit for all withheld taxes and similar deductions.

That party must give written notice to the other party promptly after the occurrence of the Force Majeure, with details thereof. the parties. Nothing in the Contract is intended to create any relationship between Buyer and any employee of Vendor or any employee of any Vendor's subcontractors, suppliers and other persons performing Services or work in connection with the Contract. None of those employees will be considered an employee of Buyer nor will he/she or Vendor be entitled to any of the benefits provided to Buyer's regular employees.

20. Support to Continuous Improvement Operating System. Vendor acknowledges that Buyer is engaged in initiatives that will help it generate cost savings from a total cost of ownership (TCO) standpoint and expects its suppliers such as Vendor to actively participate in this approach by providing Buyer with value proposal offerings for all their products, materials and services.

Notwithstanding the foregoing, if Buyer is advised by its counsel that such public announcement is legally required and Vendor is unable or is unwilling to provide its consent to the terms of such public announcement prior to the time at which Buyer, on the advice of its counsel, is legally obligated to make such announcement (including if Vendor's Representative cannot be contacted), Buyer may provide the disclosure that, upon Buyer's counsel opinion, it is legally required to make. In the event such a public disclosure is required and Buyer has been unable to contact Vendor's Representative, Buyer will notify Vendor of such a disclosure and will furnish Vendor with a copy of the disclosure in a timely manner. Vendor shall not use Buyer's name in any advertising, promotional material or publicity releases relating to the Contract without the prior-written consent of Buyer.
