

# clarion™

A Domtar Brand

Introducing the **1st phenol-free** thermal receipt paper that **looks & performs the same as standard POS paper** and is **certified recyclable**.

Brought to you by Domtar,  
one of the most trusted  
names in paper.

The first phenol-free POS paper  
to be certified recyclable in  
North America per WMU standard

Clearly the  
right choice

# Clarion™ makes the right choice—the clear choice.

## Phenol-free

- Formulated with a developer system free of phenols
- Clarion™ receipt paper products are BPA, BPS and phenol-free

## Certified Recyclable

- The first phenol-free POS paper to be certified as recyclable in North America (per WMU standard)
- Recyclable across all paper grades
- Makes recycling receipts easy since you can recycle Clarion™ receipts with your other paper products

## Same Great Performance

- Clarion™ has the same great performance and bright, white shade that your customers are used to
- The only phenol-free paper that matches the performance of our standard POS papers
- Clarion™ is white on the back and front, making it backside printable which is perfect for end users to add brand messaging, advertising or environmental compliance messaging
- Works with flexographic printing for both front and back
- Printed image lasts 10 years, 3 years storage shelf life under proper conditions for thermal paper

## Made in the USA

- Clarion™ paper is proudly manufactured in Bennettsville, SC and coated at Domtar's West Carrollton, OH facility
- Getting your Clarion™ phenol-free paper from a reliable domestic partner means you'll always have the products when and where you need them
- Made in the USA with domestic and globally sourced materials

Clarion™ is a Domtar Brand. Domtar prides itself on operational excellence and delivering sustainable, high-quality products to meet and exceed customer needs globally. The company is committed to turning sustainable wood fiber into everyday essential products.
