MILL OVERVIEW

Domtar's Calhoun Mill, established in 1954, produces towel and tissue products for customers that include some of the country's largest retailers. Through the addition of the tissue operation at Calhoun, and in conjunction with additional tissue manufacturing and converting facilities in Florida and Maryland, Domtar is building a competitive integrated tissue business serving the North American market. In 2018, the mill added a new \$20-million distribution center to the operation.

ENVIRONMENTAL CONTRIBUTIONS

- The Calhoun Mill sources wood fiber and maintains chain-of-custody and controlled wood certificates under the standards of the Sustainable Forestry Initiative® (SFI®), the Programme for the Endorsement of Forest Certification™ (PEFC) and the Forest Stewardship Council® (FSC®).
- Contributing to the company's success in reducing absolute direct and indirect greenhouse gas (GHG) emissions by 87% from 2000 levels, the mill has achieved an 93% reduction in scope 1 and 2 GHG emissions.

COMMUNITY INVESTMENT

- The mill sponsors an employee-driven "Goodfellows" program that provides Christmas baskets, coats and toys for needy individuals in the surrounding area.
